

Kent weekly digest

Published CQC register edition dated 2026-08-04. Event window 2026-07-29 to 2026-08-04. This shows the format and evidence treatment of a digest. It is not a current week, a live feed, or a completed pilot delivery.

£150 pilot position. The recorded scope is four weekly email/PDF digests for an agreed region, with no software. The fresh weekly source route and four-week delivery are not yet verified. No new buyer should be charged on the strength of this sample.

What this digest does and does not say

The source has the latest rating and its publication date. It does not contain full rating history, so this says **rating published**, not rating changed.

It makes no claim about vacancies, staffing needs, budgets, purchasing intent or current compliance.
